

Summer Boost

The **Summer Boost Pellet** is a low-cost feed designed as an economical source of digestible fibres with moderate levels of protein, energy, vitamins and minerals for sheep and cattle. It is formulated for use during drought periods when raw materials are scarce or expensive. The pellets are enriched with 3 essential vitamins and 6 trace minerals to support the ruminant nutrition and general health. This feed serves as a cost-effective, palatable and low-dust feed that provides a practical solution for summer conditions. It includes a rumen buffer and Rumensin to aid with digestive health, nutrients digestibility and feed conversion efficiency. No hormones, animal proteins or harmful chemicals are used in this product.

INGREDIENTS

The **Summer Boost Pellets** is formulated from a selection of the following fresh ingredients and feed additives: Barley, Wheat, Canola Meal, Lupins, Soyabean Meal, Cereal Byproducts, Molasses, Vegetable Oil, Limestone, Salt, Urea, Dicalcium Phosphate, Rumen Buffer, Magnesium Oxide, Yeast, Mould Inhibitor, Bovatec (Rumensin), Antioxidant and Vitamin & Mineral Premix (Vitamins: A, D₃ and E, and Minerals: Zinc, Selenium, Copper, Iron, Iodine, Cobalt and Manganese).

FEEDING GUIDE

- Feed the **Summer Boost Pellets** daily at 2.0 to 2.5% of the animal's live weight daily along with free access to hay or pasture (minimum 25% by weight of the feed).
- Introduce gradually over 10 - 14 days period to allow rumen adaptation.
- Ensure a supply of fresh roughage and clean water at all times.
- This product contains urea and is suitable for adult cattle and sheep only.
- Do not feed to other species such as horses, dogs or cats. Withholding period is nil.
- Bovatec (Lasalocid sodium) is used as a medication to control coccidiosis and improve feed conversion.
- Please contact UPC Agri Products in need of assistance.

Approximate Nutritional Values (dry matter basis)

Crude Protein	7.2%
Metabolizable Energy	7.0 MJ/kg
Crude Fibre	34.0%
Crude Fat	1.5%
Digestibility	63.5%
Selenium	0.3 mg/kg
Zinc	25 mg/kg
Manganese	30 mg/kg
Iron	174 mg/kg
Copper	9 mg/kg
Cobalt	0.7 mg/kg
Iodine	0.5 mg/kg
Vitamin A	7,000 IU/kg
Vitamin D ₃	600 IU/kg
Vitamin E	50 mg/kg

QUALITY ASSURANCE

This product is manufactured under strict quality assurance standards and internal lab testing using quality and safe ingredients and feed additives in the feed formula. Every batch is produced with precision and care to ensure consistent nutrition and performance outcomes. Expiry is 6 months from date of production.

PRODUCT SPECIFICATIONS

- Pellet Size: 8.0 mm. Designed for optimal calf and lamb consumption and minimum feed wastage.
- Supply Format: Bulk
- Storage: Keep in a cool, dry, rodent free store. Keep away from direct sunlight to ensure freshness and nutritional quality.

Disclaimer: The product composition may be subjected to change due to ingredients availability, supply and seasonal variation. The information provided in this brochure serves a guide only and may vary depending on each farm feeding conditions.
